VALUE

The importance that we attach to something that serves as an influence and guide in behaviour.

Values determine the way we think and feel.
The way we think and feel determines the way we act.

OUR VALUES

1. Every person is loved by God and therefore valued by us. This is so that they may receive, repent and be reconciled to God and to one another.
2. Every person needs a moral compass, which is the bible, the Word of God. It will guide, guard and grow them for life.
3. Every person has unique gifts from God. This brings significance, servanthood and strength to their lives and to the body of Christ.
4. Every person has a role in modelling, mentoring and mobilizing the kingdom of God.

It's not just doing anything together...
It's doing God's will together.

"That's the place where they love each other."
